

1 - Single sized to course

A uniform wall using single height of 102mm or 140mm of varying lengths with single mortar joints, or a combination of both by course.

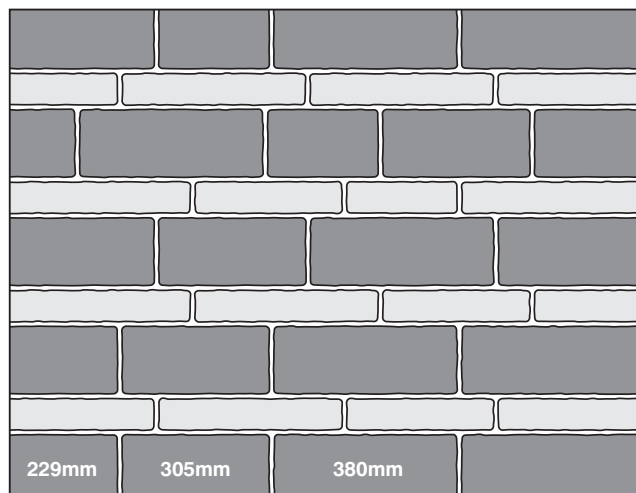

102 or 140mm

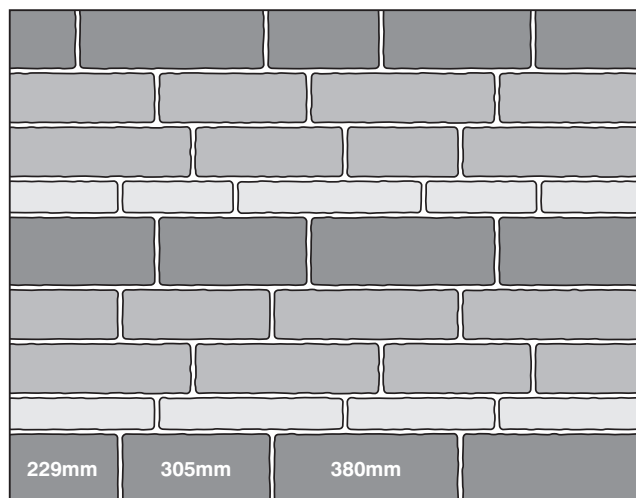

Random mix, staggered course using Yate Grey.

2 - Sized to course

A uniform wall using a mix of two/three heights of varying lengths with single mortar joints.

65 & 140mm

65, 102 & 140mm

Sized to course using three sizes of Oolite.

65mm Height

102mm Height

140mm Height

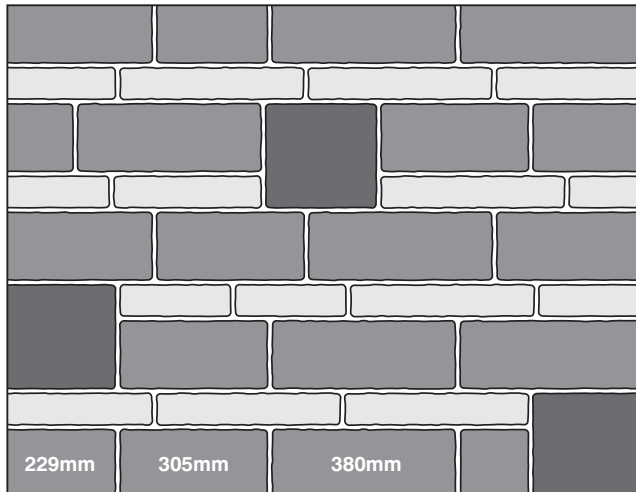

215mm Height

These are just a few examples of how you can achieve a natural look to your building using Bekstone walling. Please note, some blocks may need to be cut to achieve certain course patterns.

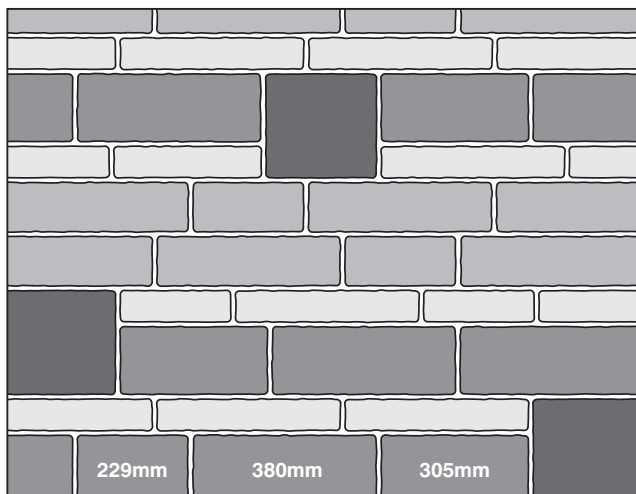

** 380x65mm not available in Tumbled finish.*

3 - Random mix brought to course

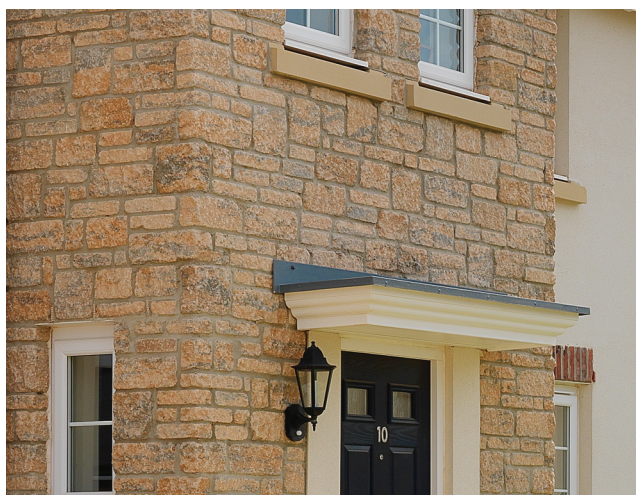

A mix of three/four heights of varying lengths with randomly placed jumper blocks with single and staggered mortar joints. Supplied with 5% jumper blocks.

65, 140 & 215mm (5% jumper blocks)

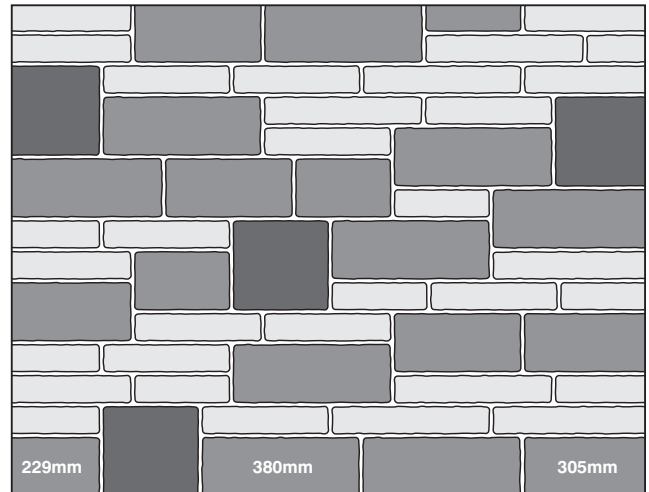

65, 102, 140 & 215mm (5% jumper blocks)

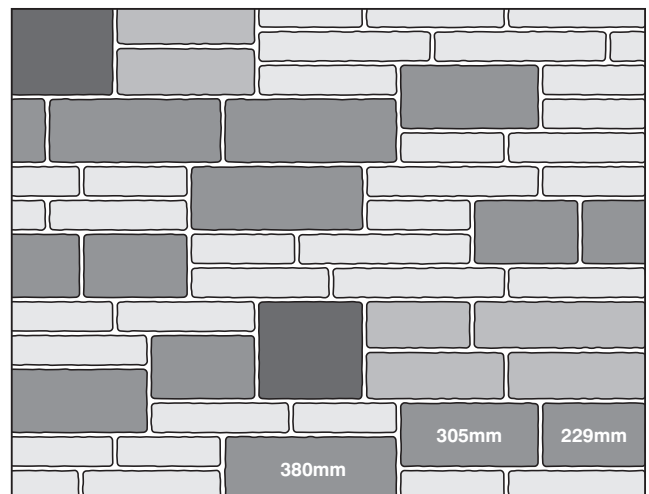

Random mix, staggered course using Ironstone.

4 - Random mix, staggered course

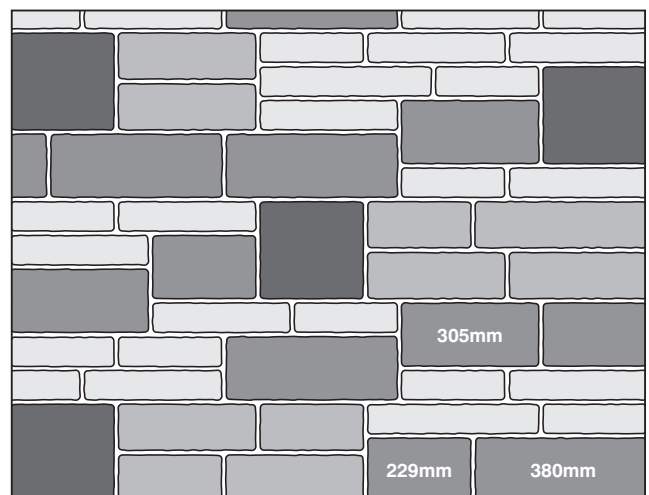

A mix of three/four heights of varying lengths with randomly placed jumper blocks with single and staggered mortar joints. Supplied with 2.5% or 5% jumper blocks.

65, 140 & 215mm (5% jumper blocks)

65, 102, 140 & 215mm (2.5% jumper blocks) - **Option A**

65, 102, 140 & 215mm (5% jumper blocks) - **Option B**
